

The following rules apply to your homework:

- Problems should be written out in consecutive order. They need to be easy to locate.
- Space your work out so it is easy to read. (Paper is an inexpensive, renewable resource!)
- Multiple pages must be stapled and tatty edges need to be trimmed.
- Homework that is illegible or sloppy will not be graded.
- Proofs must be rigorous and clearly written in appropriate mathematical format. No proof, no credit given.
- All graphs must be done in pencil, with axes and points clearly labeled.
- You are encouraged to discuss assignments with your classmates; however, you are required to write up your work independently. Copied homework will not be tolerated and identical, or nearly identical, assignments will *share* a single homework score.

Section	Study the following:	Hand in <u>Skills Portfolio</u> Attach Homework Checklist COVER SHEET
Handout Sections 8.1 & 8.2	All exercises	Square root property: # 1 b, c; 4, 5 ii. Completing the square: # 1 c, d. More applications: # 1 b, d, f, g; 3, 5, 6, 7, 8.
